About the band.

“A ROCK BAND FOR A POST-GENRE WORLD. THERE AREN'T MANY INDONESIAN BANDS WHO CAN TACKLE WEIGHTY SUBJECTS SUCH AS STATE-OF-THE-NATION CRITIQUE, MURDER, ECONOMIC INEQUALITY, RELIGIOUS PERSECUTION, AND COMBINE THEM WITH CATCHY TUNES. .FEAST IS ONE OF THOSE RARE BANDS.”

– HASIEF ARDIASYAH, SENIOR MUSIC JOURNALIST/WRITER

About.

AMI Award nominee .Feast is an Indonesian music group consisting of Baskara Putra (also known as Hindia), Fadli Fikriawan, Ryo 'Bodat', Dicky Renanda and Adnan S.P. Through their debut album MULTIVERSES in 2017 and the critically-acclaimed mini album Beberapa Orang Memaafkan (which by many is considered as the best release of the year) in 2018, .Feast has amassed a gigantic following in terms of audience / fan base numbers and has also gained the reputation as one of the biggest rock band in the archipelago -- even though the group has never stated themselves as a rock band.

Either hate-them or love-them, .Feast is often regarded as an anomaly in the industry. As a heavily-polarized band with the ability to reach even the most unpredictable kind of audience, the nation has seen the band's most well known songs (such as Peradaban, Berita Kehilangan and Tarian Penghancur Raya).
